Russian adoption and translation

In November 2011 the Russian Ministry of Finance endorsed the Russian translation of the requirements of IFRSs, and ordered that they come into force in the Russian Federation from the date of their publication in a supplement of the official journal “Бухгалтерский учет” (Accounting) (<http://www.buhgalt.ru/>) which was published in December 2011.

In February 2012 the translation was also made freely available on the Russian Ministry of Finance's website: http://www1.minfin.ru/ru/accounting/mej_standart_fo/docs/. It is also available on the IFRS Foundation website here: <http://www.ifrs.org/IFRSs/Official+Unaccompanied+IFRS+Translations.htm>.

Co-ordination of the translation and review of the Russian requirements is being transferred to the National Organization for Financial Accounting and Reporting Standards (NOFA Foundation) (<http://www.nsfo.ru/>), a non-governmental organisation based in Moscow. The NOFA Foundation will co-ordinate an international committee of IFRS experts from the Russian-speaking world. The principal objective of the Review Committee is to achieve a high quality, understandable and globally accepted Russian translation.

Spanish review committee adds new members

The Spanish review committee is made up of experts in IFRS from across the Spanish-speaking world: we have representatives from Argentina, Bolivia, Colombia, Ecuador, Mexico, Spain, Uruguay and Venezuela. The committee discusses the translations of new and revised standards throughout the year,

in particular the technical accounting terms, with the aim of creating an International Spanish version that can be understood and used in every Spanish speaking country.

Translations are carried out by a team of translators at Zaragoza University in Spain, led by Vicente Pina and Lourdes Torres, who also co-ordinate the review. Our aim is to make available to governments the Spanish translation of every new and revised standard issued by the Board within 8 weeks. We also publish all Spanish translations on our [online subscription service eIFRS](#).

We are pleased to announce that we have two new members of the Spanish review committee: Remy Terceros Fernández, from Bolivia, and Daniel Sarmiento Pavas, from Colombia. Daniel replaces Samuel Mantilla, who we were sad to see leave the committee in February after 9 years. We thank Samuel for his dedication to producing a high-quality Spanish translation.

Do you have a translation query?

We have a procedure in place to ensure a high-quality translation, which involves a review by a committee of accounting experts. The committee is typically composed of representatives from Accounting Standard Setting Bodies or Institutes, major accounting firms, government bodies (where applicable), and academics. The translations are reviewed carefully to ensure that the English and the translation both give the same message. If we are informed of any issues regarding the translation, we ask the review committee to consider them, and if necessary revise the translation. Translation queries should be sent to Leilani Macdonald at Lmacdonald@ifrs.org

IFRS Foundation translation team news

Following the departure of Ken Creighton at the end of 2011, we welcomed Nicole Johnson in January who has taken over as Principal—Content Services. Nicole will take overall responsibility for our translation activities and the work that our team does in supporting adoption of IFRS.
