# Upcoming amendments to the IFRS for SMEs

In December 2014 the IASB finalised its discussions on the amendments to the IFRS for SMEs resulting from the initial comprehensive review of the IFRS for SMEs and instructed the staff to commence the

balloting process for those amendments. The final amendments are expected to be issued in May/June 2015.

After considering the feedback it received during the initial comprehensive review, and taking into account the fact that the *IFRS* for *SMEs* is still a new Standard, the IASB has made limited amendments to the *IFRS* for *SMEs*. With the exception of the following three amendments, each individual amendment only affects a few paragraphs, and in many cases only a few words, in the Standard:

- allowing an option to use the revaluation model for property, plant and equipment in Section 17
   Property, Plant and Equipment;
- aligning the main recognition and measurement requirements for deferred income tax with IAS 12
   Income Taxes; and
- aligning the main recognition and measurement requirements for exploration and evaluation assets with IFRS 6 Exploration for and Evaluation of Mineral Resources.

Entities will be required to apply the amendments for annual periods beginning on or after **1 January 2017**. Earlier application is permitted provided that all of the changes are applied at the same time.

More information on the initial comprehensive review is available on the **SME webpages** of the IASB website (**www.ifrs.org**).
