INFORMATION FOR OBSERVERS

SAC Meeting: **November, London**
Project: **IASB Work Plan - projected timetable as at 30 September 2007**
 (Agenda Paper 2a)

The timetable shows the current best estimate of document publication dates. The effective date of amendments and new standards is usually 6-18 months after publication date. However, except for the items listed in the section 'Amendments to standards', the effective date of IFRSs resulting from the current work plan will be no earlier than financial periods beginning 1 January 2009. In appropriate circumstances, early adoption of new standards will be allowed.

Notes:

- 1 The Memorandum of Understanding (MoU) sets out the milestones that the FASB and the IASB have agreed to achieve in order to demonstrate standard-setting convergence, which is one part of the process towards removal of the requirement imposed on foreign registrants with the SEC to reconcile their financial statements to US GAAP.
- 2 Work on government grants and emission rights has been deferred pending the conclusion of work on other relevant projects.
- 3 The Financial Statement Presentation project was formerly known as the Performance Reporting project.
- 4 The IASB and the FASB will publish individual chapters as they complete each phase. Each board will evaluate the practical implications of doing so in the context of its own GAAP hierarchy.
- 5 The Liabilities project is the amendments to IAS 37. It was formerly known as the Non-financial Liabilities project.
- 6 Project is being conducted as a 'modified joint' project, ie the IASB expects to make a formal agenda decision and begin work when the FASB has completed work on an initial discussion document.
