INFORMATION FOR OBSERVERS

ARG Meeting: ***November 2008, London***

Project: ***IASB work plan
(Agenda Paper 1B)***

IASB Work Plan – projected timetable as at 31 October 2008

The timetable shows the current best estimate of document publication dates. The effective date of amendments and new standards is usually 6-18 months after publication date, although in setting an effective date the Board considers all relevant factors. In appropriate circumstances, early adoption of new standards will be allowed.

The Board recognises that the work plan anticipates the completion of several projects in 2010 and 2011. The Board will consider staggering effective dates of standards to help entities that apply IFRSs undertake an orderly transition to any new requirements.

The Board also recognises the need to undertake this work in a manner that is consistent with its established due process, including consultation with interested parties before reaching conclusions. Therefore, the timetable for completion is subject to change depending on input received throughout a project's development.
