

Project	Insurance Contracts
Topic	Timetable for Board discussions

Purpose of this paper

1. This paper gives an updated project timetable for the boards' discussions.
2. We aim for publication of the exposure draft in May 2010. During previous meetings, the boards reached different conclusion on some topics or asked for further analysis by staff. As a result, we included follow-up meetings for a number of topics discussed at previous meetings. We will therefore bring topics to the extra joint meeting on February 10 and also plan to bring topics to future extra joint meetings. We also intend to use (extra) IASB and FASB only meetings to deal with issues that, in the staff's view, do not necessarily have to be discussed at a joint meeting.
3. The timetable included in this paper does not show the timing of outstanding FASB discussions for issues on which the IASB has already made tentative decisions.
4. The timetable does not show any Working Group meetings. We do not plan to hold another Working Group meeting before publication of the exposure draft. Where appropriate, we will seek feedback from Working Group participants by other means, such as e-mail.

This paper has been prepared by the technical staff of the FAF and the IASCF for discussion at a public meeting of the FASB or the IASB.

The views expressed in this paper are those of the staff preparing the paper. They do not purport to represent the views of any individual members of the FASB or the IASB.

Comments made in relation to the application of U.S. GAAP or IFRSs do not purport to be acceptable or unacceptable application of U.S. GAAP or IFRSs.

The tentative decisions made by the FASB or the IASB at public meetings are reported in FASB *Action Alert* or in IASB *Update*. Official pronouncements of the FASB or the IASB are published only after each board has completed its full due process, including appropriate public consultation and formal voting procedures.
