This paper has been prepared by staff of the IFRS Foundation. The views expressed in this paper reflect the individual views of the author[s] and not those of the IASB or the IFRS Foundation. Comments on the application of IFRSs do not purport to set out acceptable or unacceptable application of IFRSs.

**XBRL Update**

1. The next meeting in London on 12 November will end with an update on XBRL activities. Bob Laux will lead the discussion that follows this update.
2. Agenda paper 6A is a slide deck providing you with a comprehensive overview on
  - (a) The governance of XBRL activities
  - (b) The IFRS taxonomy, its development process and its adoption, and
  - (c) The review of the strategy
3. We expect that this session will be an interactive session. However, during this presentation, we will focus on a few slides:
  - (a) content of the IFRS taxonomy – slide 8,
  - (b) interaction with preparers – slide 12,
  - (c) adoption – slide 22-23
  - (d) and strategy – slide 25.
