A Joint Conference of the Financial Accounting Standards Board (FASB), the International Accounting Standards Board (IASB), and The Accounting Review (TAR)

Accounting for an Ever-Changing World

November 2-4, 2022, New York City, NY

This co-sponsored conference will provide a forum for the presentation of academic research studies that produce insights into whether the FASB and/or IASB standards on revenue recognition (Topic 606 and IFRS 15 *Revenue from Contracts with Customers*), leases (Topic 842 and IFRS 16 *Leases*), and financial instruments (Topic 326, *Financial Instruments – Credit Losses* and IFRS 9 *Financial Instruments*) have: (i) accomplished their stated objectives, (ii) provided benefits to users of financial information, (iii) resulted in unexpected implementation or continuing application costs, or (iv) given rise to unexpected economic consequences. Research that examines the impact of similarities or differences between US GAAP and IFRS Standards in these areas is also appropriate.

For more information about the conference and links to the standards, educational materials and information about relevant research opportunities on the FASB and IFRS Foundation websites visit the [Conference Website](#).
