This Profile provides information about the application of IFRS® Accounting Standards (Standards) in Bahamas. The Standards are developed and issued in the public interest by the International Accounting Standards Board (IASB). The IASB is the standard-setting body of the IFRS Foundation (Foundation), an independent, private sector, not-for-profit organisation.

The Foundation has prepared this Profile based on information from various sources. The starting point was the answers provided by standard-setting and other bodies in response to surveys the Foundation conducted on the application of the Standards around the world. The Foundation drafted the profile and invited the respondents to the survey. The Foundation also invited others (including regulators and international audit firms) to review the drafts. Their comments are reflected in this Profile.

The purpose of the Foundation’s Jurisdictional Profiles is to illustrate only the extent of implementation of the Standards across the globe. The Profiles do not reflect the intellectual property licensing status of the Standards within any given jurisdiction. The Standards are protected by copyright and are subject to licensing arrangements agreed upon within their jurisdiction. For further information, please contact permissions@ifrs.org.

RELEVANT JURISDICTIONAL AUTHORITY

<th>Bahamas Institute of Chartered Accountants (BICA)</th>

<tbody>
<tr>
<td>Role of the organisation</td>
<td>The BICA regulates the accounting profession within the Bahamas and offers continuing professional education to its members and licensees. While BICA is the designated standard-setting body in Bahamas, it does not issue accounting standards since, by government regulation, the Bahamas has adopted IFRS for public entities and the IFRS for SMEs Standard for others. BICA has the statutory right to exclude a particular IFRS Standard from use in the Bahamas but it has never done so.</td>

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>

<tbody>
<tr>
<td>Has the jurisdiction made a public commitment in support of moving towards a single set of high quality global accounting standards?</td>
<td>Yes.</td>
</tr>
<tr>
<td>Has the jurisdiction made a public commitment towards IFRS Accounting Standards as that single set of high quality global accounting standards?</td>
<td>Yes.</td>
</tr>
<tr>
<td>What is the jurisdiction’s status of adoption?</td>
<td>Bahamas has adopted IFRS Standards as its national accounting standards.</td>
</tr>
<tr>
<td>Additional comments provided on the adoption status?</td>
<td>Rule 7 of the Public Accountants (Rules of Professional Conduct) Regulations, 1993 (adopted under the Public Accountants Act, 1991) requires compliance with IFRS Standards unless the BICA has specifically excluded any particular IFRS Standard. As a matter of practice, the BICA has never excluded any IFRS Standards. Bahamas has always adopted all IFRS Standards as they are issued and made effective.</td>

If the jurisdiction has NOT made a public statement supporting the move towards a single set of accounting standards and/or towards IFRS Accounting Standards as that set of standards, explain the jurisdiction’s general position towards the adoption of IFRS Accounting Standards in the jurisdiction.
