This Profile provides information about the application of IFRS® Accounting Standards (Standards) in Gambia. The Standards are developed and issued in the public interest by the International Accounting Standards Board (IASB). The IASB is the standard-setting body of the IFRS Foundation (Foundation), an independent, private sector, not-for-profit organisation.

The Foundation has prepared this Profile based on information from various sources. The starting point was the answers provided by standard-setting and other bodies in response to surveys the Foundation conducted on the application of the Standards around the world. The Foundation drafted the profile and invited the respondents to the survey. The Foundation also invited others (including regulators and international audit firms) to review the drafts. Their comments are reflected in this Profile.

The purpose of the Foundation's Jurisdictional Profiles is to illustrate only the extent of implementation of the Standards across the globe. The Profiles do not reflect the intellectual property licensing status of the Standards within any given jurisdiction. The Standards are protected by copyright and are subject to licensing arrangements agreed upon within their jurisdiction. For further information, please contact permissions@ifrs.org.

What is the jurisdiction's status of adoption?	The Central Bank of The Gambia acting by regulation under section 75 of the Central Bank of the Gambia Act 2005 directed that all commercial banks operating in The Gambia to adopt IFRS Standards as issued by the International Accounting Standards Board IASB effective 31 December 2013 (with restatement of 2012 financial statements on an IFRS basis as well). For instance, are IFRS Accounting Standards required or permitted for companies whose securities do not trade in a public market? reporting' (conformity with both IFRS Accounting Standards and the jurisdiction's GAAP)?

Are IFRS Accounting Standards incorporated into law or regulations?

Yes.

If yes, how does that process work?

The Central Bank of The Gambia acting by regulation under section 75 of the Central Bank of the Gambia Act 2005 directed that all commercial banks operating in The Gambia must adopt IFRS Standards as issued by the IASB effective 31 December 2013 (with restatement of 2012 financial statements on an IFRS basis as well).

Not applicable.

Does the jurisdiction have a formal process for the 'endorsement' or 'adoption' of new or amended IFRS Accounting Standards (including Interpretations) in place?

No.

If yes, what is the process?

Not applicable.

If no, how do new or amended IFRS Accounting Standards become a requirement in the jurisdiction?

Because the Central Bank of The Gambia requires all commercial banks to use IFRS Standards by regulation, there is no need for endorsement of individual new or amended IFRS Standards.

Has the jurisdiction eliminated any accounting policy options permitted by IFRS Accounting Standards and/or made any modifications to any IFRS Accounting Standards?

No.

If yes, what are the changes?

Not applicable.

Other comments regarding the use of IFRS Accounting Standards in the jurisdiction?

APPLICATION OF THE IFRS FOR SMEs ACCOUNTING STANDARD

Has the jurisdiction adopted the *IFRS for SMEs* Accounting Standard for at least some SMEs?

No.

If no, is the adoption of the *IFRS for SMEs* Accounting Standard under consideration?

Not at this time. However, because no specific accounting standards are currently required, SMEs are permitted to use the *IFRS for SMEs* Standard, and some do so.

Did the jurisdiction make any modifications to the *IFRS for SMEs* Accounting Standard?

No.

If the jurisdiction has made any modifications, what are those modifications?

Not applicable.

Which SMEs use the *IFRS for SMEs* Accounting Standard in the jurisdiction, and are they required or permitted to do so?

All SMEs are permitted to use the *IFRS for SMEs* Standard.

For those SMEs that are not required to use the *IFRS for SMEs* Accounting Standard, what other accounting framework do they use?

All companies are required to comply with the Companies Act of 1955. That Act requires companies to prepare financial statements that give a true and fair view of the state of the company's affairs and explain its transactions. There are some specific requirements for form and content of the balance sheet and profit-and-loss statement. However, the Companies Act of 1955 does not specify the accounting standards that are to be applied for financial reporting purposes.

Other comments regarding use of the *IFRS for SMEs* Accounting Standard?

None.
