This Profile provides information about the application of IFRS® Accounting Standards (Standards) in Oman. The Standards are developed and issued in the public interest by the International Accounting Standards Board (IASB). The IASB is the standard-setting body of the IFRS Foundation (Foundation), an independent, private sector, not-for-profit organisation.

The Foundation has prepared this Profile based on information from various sources. The starting point was the answers provided by standard-setting and other bodies in response to surveys the Foundation conducted on the application of the Standards around the world. The Foundation drafted the profile and invited the respondents to the survey. The Foundation also invited others (including regulators and international audit firms) to review the drafts. Their comments are reflected in this Profile.

The purpose of the Foundation's Jurisdictional Profiles is to illustrate only the extent of implementation of the Standards across the globe. The Profiles do not reflect the intellectual property licensing status of the Standards within any given jurisdiction. The Standards are protected by copyright and are subject to licensing arrangements agreed upon within their jurisdiction. For further information, please contact permissions@ifrs.org.

Other comments regarding use of the *IFRS* for *SMEs* Accounting Standard?

Public discussions are going on regarding the *IFRS for SMEs* Standard in Oman. The Central Bank of Oman requires all companies that have a bank facility of more than RO 250,000 (approximately US\$ 650,000) from one bank or RO 500,000 (approximately US\$ 1,300,000) from all the banks to file the audited financial statements within four months from the end of the reporting period. Since most SMEs are now following IFRS Standards, auditors and management of SMEs are under tremendous pressure the meet the filing criterion. Adoption of the *IFRS for SMEs* Standard will reduce the time spent in that process. Accounting firms have begun *IFRS for SMEs* Standard training programmes in conjunction with the Chamber of Commerce, Ministry of Finance, Central Bank of Oman, and the Capital Market Authority.
