

IFRS Digital Subscription

Whether you are reviewing or advising on accounts, IFRS Digital is the only source for authoritative, annotated versions of IFRS Accounting Standards, Interpretations, Due Process and thousands of supporting documents.

Key content:

- New and Revised Accounting Standards as they are issued, so you know that you are always completely up to date.
- Access to our digital publication directory which dates back to 1975 and provides online access to all English-language and translated IFRS Accounting Standards.
- IFRS Accounting Taxonomy™: A tool developed by the IFRS Foundation to support viewing and tag financial reports to be computer-readable.

Key navigation features:

- An intuitive IFRS Accounting Standards Navigator with the ability to personalise the content on your digital dashboard.
- Annotations as a layer that can be displayed at the click of a button to help readers navigate and apply them with ease.
- Access documents from the vast digital archive with an advanced search function with personalised filtering options.
- A search function that offers enhanced functionality and advanced customisation.

You will have online access in both HTML and PDF format of all current books, all previous books and online publications, as soon as they are released.
