Amendments to Accounting Standards

**Lease Liability in a Sale and Leaseback**

*Lease Liability in a Sale and Leaseback* amends IFRS 16 by adding subsequent measurement requirements for sale and leaseback transactions.

**Non-current Liabilities with Covenants**

*Non-current Liabilities with Covenants* amends IAS 1 *Presentation of Financial Statements*. The amendments improve the information an entity provides when its right to defer settlement of a liability for at least twelve months is subject to compliance with covenants. The amendments also respond to stakeholders’ concerns about the classification of such a liability as current or non-current.
