

IAS 37 Provisions, Contingent Liabilities and Contingent Assets (August 2005)

Obligations to repair/maintain another entity's property, plant and equipment

The IFRIC considered a suggestion made during its project on service concessions that it should take onto its agenda a separate project to interpret the requirements of IAS 37 *Provisions, Contingent Liabilities and Contingent Assets* in respect of obligations to repair or maintain another entity's property, plant and equipment that the reporting entity uses.

The IFRIC decided not to add this topic to its agenda because, in practice, entities are recognising a provision for repairs as damage or usage occurs that the entity is obliged to make good. The IFRIC was not aware of evidence that significantly divergent interpretations were being reached in practice.
